"Produktbeschreibung A vegetarian cookbook from the author of Jerusalem Cookbook and other Ottolenghi cookbooks: A must-have collection of 120 vegetarian recipes from Yotam Ottolenghi featuring exciting flavors and fresh combinations that will become mainstays for readers and eaters looking for a brilliant take on vegetables. Mastering the art of French cooking the Yotam Ottolenghi way: One of the most exciting talents in the cooking world, Yotam Ottolenghi's food inspiration comes from his Cordon Bleu training, Mediterranean background, and his unapologetic love of ingredients. 'My approach can be the opposite to traditional French cooking, where everything is a little bit uniform and you work hard to process a sauce into the most fine and homogenous thing. I go the other way and use spices, herbs and other ingredients to create a sense of surprise.' Not a vegetarian himself, his approach to vegetable dishes is wholly original and innovative, based on freshness and seasonality, and drawn from the diverse food cultures represented in London. The Plenty cookbook: Plenty is the cookbook that launched Yotam Ottolenghi from a fabulous chef, London restaurant owner, and British newspaper columnist to an international food celebrity. In the Plenty cookbook, Yotam puts a spotlight on vegetarian restaurant-caliber recipes that every home cook can make. A vibrant photo accompanies every recipe in this visually stunning Ottolenghi cookbook. Essential for meat-eaters and vegetarians alike! The Plenty cookbook is indispensable for every home library. Rezension Ottolenghi's book 'Plenty' rose to be a best seller in Britain on its release last year (it appeared here several months ago), and is among the most generous and luxurious nonmeat cookbooks ever produced, one that instantly reminds us that you don't need meat to produce over-the-top food. -- Mark Bittman, The New York Times 'The flavors in Plenty are so bright, curious and new - to my palate at least - it made me wonder, where is our Middle Eastern Mario? And how quickly can Ottolenghi open in New York?' -- Christine Muhlke, food52.com 'Forget about the fact that it's a vegetarian's best friend, Plenty is the sort of cookbook that any home cook will fall for. It's as meaty as its meat-filled counterparts.' -- Charlotte Druckman, food52.com 'The book that launched the cult. The recipes not only made vegetarian food sexy (note: Ottolenghi wants you to know he loves meat), they also made Western cooks crave Eastern Mediterranean flavors.' - Christine Muhlke, bon appetit"
