"Dalla seconda/terza di copertina BE CAREFUL: this book is just a summary of the kinds of formal approaches to planning and design. With this book, YOU CAN: # define an architectural shape correctly and do it in a modern way using concepts that are simple and tried and true. With this book, YOU CANNOT: # avoid all the work that is needed to get to a definition of the shape; # avoid all the work that is needed after you have defined the shape; # learn to play an instrument. Dalla quarta di copertina BE CAREFUL: this book is just a summary of the kinds of formal approaches to planning and design. With this book, YOU CAN: # define an architectural shape correctly and do it in a modern way using concepts that are simple and tried and true. With this book, YOU CANNOT: # avoid all the work that is needed to get to a definition of the shape; # avoid all the work that is needed after you have defined the shape; # learn to play an instrument. L'autore Baires Raffaelli (1975) graduated cum laude in Architecture at Rome La Sapienza University, where he has been researching and teaching for years in the field of Architecture Planning and Design to both Architecture and Engineering students. He has PhD in Architecture, Theory and Planning. Baires Raffaelli has performed research within the fields of housing, population density, and public spaces. The results of this research have been widely discussed and studied, and they have also been the source for partnerships among universities, public authority, and private companies. He is a co-founder of BRRE Architects, and with this firm he has received both national and international rewards. His projects and research have often been subjects of articles in architecture magazines."
